

To sync a device after app assignments are completed in Intune, you can **use the Company Portal app or the Intune admin center to initiate a sync**. For Windows devices, you can also sync from the Settings app or via the device taskbar or Start menu. Android devices can sync through the Company Portal app. [1, 2, 3]

Syncing from the Company Portal App:

1. **Open the Company Portal app**: on your device.
2. **Go to Settings** .
3. **Select Sync** .
4. **Wait for the sync process to complete** . [1, 3]

Syncing from the Intune Admin Center:

1. **Sign in to the Microsoft Intune admin center**.
2. **Navigate to Devices > All devices** .
3. **Select the device**: you want to sync.
4. **Open the Overview pane and select Sync** .
5. **Confirm the sync by selecting Yes** . [2]

Syncing from Windows Settings:

1. **Open Settings**: on your device.
2. **Go to Accounts > Access work or school** .
3. **Select your work account and choose Info** .
4. **Select Sync** . [1]

Syncing from the device taskbar or Start menu (Windows):

1. **Find the Company Portal app icon** .
2. **Right-click the icon and select Sync this device** . [1]

Note: Some methods may require you to wait for the sync process to complete, which can take a few minutes. Additionally, you may receive notifications from the Company Portal about updates or changes to your device settings. [3, 4, 5]
